

OUTSCRUBS. OUTPERFORMS. IT'S REVOLUTIONARY.

Adfinity™ X20R REV™. There's never been another scrubber like it.

The remarkable Adfinity™ X20R REV™ automatic floor scrubber from Advance is nothing like you've ever seen. In a single pass, our exclusive Random Orbital Scrubbing technology scrubs deeper and more uniformly, leaving your floors with a perfectly scrubbed surface with no swirl marks.

A revolution at work. The end of floor stripping as you know it.

You'll see the amazing results immediately. The Adfinity REV is the first and only floor scrubber that scrubs with distinct orbital and rotational motions: high speed ¼ inch **micro scrubbing** and 20 inch rotational low speed **macro scrubbing**. This powerful, patent-pending combination delivers a uniform, non-swirled floor surface while using far less water and chemicals. In addition to being a superior daily scrubber, REV is so effective at deep scrubbing, you can remove old floor finish in a single pass—with no chemicals at all—leaving floors ready for restoration.

You may never need to strip your floors again.

The Adfinity REV is a revolutionary way to restore floors. The Random Orbital Scrubbing power of REV technology scrubs so effectively, you can remove old finish from floors using only water. And best of all, REV leaves no annoying swirl marks or uneven wear paths. Not only will you save significant time and labor, you can do away with corrosive and hazardous floor strippers and extra equipment. REV deep scrubs without the swirls, leaving behind a clean, dry, completely uniform and prepared surface, ready for finish coating.

Adfinity REV: Better results. Increased productivity. Sustainable cleaning.

The newest addition to the Advance Adfinity line of compact walk-behind scrubbers, the Adfinity REV with Random Orbital Scrubbing Technology provides these important benefits for facility floor maintenance:

PERFORMANCE & FEATURES

- **BETTER** scrubbing with a more uniform result
- **MORE EFFICIENT** restoring floors can now be a one-person job
- **GREENER** using less chemicals, water, energy and labor
- **QUIETER** allowing scrubbing at any time of the day
- **CLEANER** scrubbing action that won't spread solution to adjacent surfaces or carpet
- **MORE FLEXIBLE** using water only or complete control of detergent, preventing overutilization
